the oxford handbook of organizational citizenship behavior provides a broad and interdisciplinary review of state of the art research on organizational citizenship behaviors ocbs and related constructs such as contextual performance spontaneous organizational behavior prosocial behavior and proactive behavior in the workplace contributors address the conceptualization and measurement of ocbs the antecedents correlates and consequences of these behaviors and the methodological issues that are common when studying ocbs in addition this handbook pushes future scholarship in this and related areas by identifying substantive questions methods and issues for future research the result is a single resource that will inform and inspire scholars students and practitioners of the origins of this construct the current state of research on this topic and potentially exciting avenues for future exploration this handbook is designed to meet the needs of a broad spectrum of researchers and advanced undergraduate and graduate students in a variety of disciplines including management organizational behavior human resources management and industrial and organizational psychology as well as those interested in studying citizenship behavior in a variety of organizational contexts including marketing nursing engineering sports and education

the oxford handbook of organizational citizenship behavior provides a broad and interdisciplinary review of state of the art research on organizational citizenship behaviors ocbs and related constructs such as contextual performance spontaneous organizational behavior prosocial behavior and proactive behavior in the workplace contributors address the conceptualization and measurement of ocbs the antecedents correlates and consequences of these behaviors and the methodological issues that are common when studying ocbs in addition this handbook pushes future

scholarship in this and related areas by identifying substantive questions methods and issues for future research the result is a single resource that will inform and inspire scholars students and practitioners of the origins of this construct the current state of research on this topic and potentially exciting avenues for future exploration this handbook is designed to meet the needs of a broad spectrum of researchers and advanced undergraduate and graduate students in a variety of disciplines including management organizational behavior human resources management and industrial and organizational psychology as well as those interested in studying citizenship behavior in a variety of organizational contexts including marketing nursing engineering sports and education

these articles describe ideas about contextual performance organizational citizenship behavior ocb and similar patterns of behavior that have been developed by scholars working from very different research traditions it seems that the different research traditions are converging on the same notion that besides formal job requirements other patterns of behavior are also critical for organizational effectiveness and survival these other patterns of behavior have been relatively ignored until recently but now scholars are trying to define them determine exactly why and how they are important for organizations and identify their antecedents the results of these research efforts described by articles in this issue will help to make it possible to develop new conceptual and practical tools for managing these important behaviors and in that way promote human performance and organizational effectiveness

adviezen aan managers voor het motiveren van medewerkers

organizational citizenship behavior its nature antecedents and consequences examines the vast amount of work that has been done on organizational citizenship behavior ocb in recent years as it has increasingly evoked interest among researchers in organizational psychology no doubt some of this interest can be attributed to the long held intuitive sense that job satisfaction matters authors dennis w organ philip m podsakoff and scott b mackenzie offer conceptual insight as they build upon the various works that have been done on the subject and seek to update the record about ocb key features explores how ocb translates into objective measures of efficiency profitability customer satisfaction and other criteria of organizational

functioning examines how important ocb is in other societal cultures and correlates findings from north american studies addresses the relative importance of individual personality as a factor in determining ocb ocb has become a foundation for concepts in organizational studies this book provides an all encompassing resource for students scholars and practitioners looking for a comprehensive understanding on this key topic it is an excellent textbook for advanced undergraduate and graduate students studying organizational behavior or organizational psychology in courses such as strategic human resource management measurement of work performance behavioral organization theory and social psychology of organizations

citizenship and management in public administration is an exciting journey into the nexus between two separate but close worlds citizenship orientations and citizenship behavior as reflected in political science theory on one hand and organizational sciences work studies management and public administration on the other the authors have combined theoretical thinking with empirical findings to support their theories and the data presented has been collected over almost a decade of field studies and surveys of public organizations dealing with the nature and meaning of citizenship this book looks at behavior and involvement in modern public worksites the interdisciplinary studies are all concerned with achieving better integration of the theories and ideas on citizenship and bureaucracies which are more frequently treated as independent domains in the social sciences however the authors suggest that they are closely related and should be analyzed in relation to one another this unique book will appeal to academics of management and organizational behavior public administration and those involved in researching the not for profit or third sector

this is the first book on this topic since 1988 it contains 20 timely chapters providing a wealth of information on ocb in its traditional conceptualisation as well as new ideas suggesting the future of the construct this multidisciplinary construct which includes management marketing industrial psychology public administration healthcare education tourism and hospitality and related fields provides significant benefits to employees managers and the organisation consequently it is of great interest to academicians the book is divided into four sections the first conceptualisations contains five chapters that propose new ways of conceptualising ocb and point to the future of ocb research the second section measurement and level of analysis contains three chapters that address measurement of ocb and consider the individual group and organisational levels of analysis antecedents of ocb comprise the third section which includes social exchange networks role identity autonomy and empowerment motivational traits

rewards and punishments context and ocb as social dilemmas ocb effectiveness link the impact of ocb on turnover ocb and burnout and customers as good soldiers
